Drop off sites for the Test Iowa At-Home Test Kits

Winneshiek County Public Health would like to review the process for where to take your At Home Saliva test kits for drop-off after obtaining a sample.

The drop-off sites are located at:

- Bank of West walk-through hallway
- Main UPS drop-off located off South Mill St in Decorah
- Winneshiek County Public Health-Smith Building

At the Smith Building, there will be a Styrofoam cooler inside the downstairs door on west side of the building.

- Wear a mask inside the building
- Place sample in the cooler
- **Open Monday through Friday from 8 a.m. to 4 p.m. only**
- **Do Not leave outside the building**

If you are ill, you should be isolating yourself and let someone else drop off the sample. Continue to isolate yourself until known results, if exhibiting symptoms.

If you have additional questions, please call 563-382-4662.
